FINAL RECOMMENDATIONS FOR THE PARLIAMENTARY CONSTITUENCIES IN THE PRESERVED COUNTIES OF GWENT AND MID GLAMORGAN

The Commission propose to make no further changes to their recommendations for parliamentary constituencies in the preserved counties of Gwent and Mid Glamorgan and confirm their revised recommendations as their final recommendations.

1. Provisional recommendations in respect of Gwent and Mid Glamorgan were published on 5 January 2004. Objections to the provisional recommendations led to a public inquiry which was held in Bridgend on 28 June and in Pontypridd on 30 June 2004. The Assistant Commissioner who conducted the inquiry recommended changes to the Commission's provisional recommendations. Having considered his report and recommendations, and the evidence submitted, the Commission decided to revise their provisional proposals in respect of Caerphilly CC and Islwyn CC.

2. The revised recommendations were published on 3 November 2004. As with their provisional recommendations, the Commission were required to consider representations made within one month of publication. The Commission received eight representations following publication of their revised recommendations of which six approved of the revised recommendations, one objected to them and one was of the view that the change should not come into effect until autumn 2005.

3. The Commission noted the one objection to the revised recommendations and the two alternative counter-proposals contained within the representation. The Commission noted that the counter-proposals had not been raised in the representations made about the provisional recommendations and were not raised in the local inquiry. Moreover they were not supported by sufficient analysis and were considered to be less appropriate than the Commission's revised recommendations, which were otherwise supported by the representations received. The Commission therefore decided not to make modified recommendations in respect of Caerphilly CC and Islwyn CC.

4. A representation was received from Caerphilly County Borough Council stating that whilst they accepted the Commission's revised recommendations they wished to point out that the changes to the Caerphilly and Islwyn constituencies would create an anomaly in the local government electoral arrangements by dividing the Community of Bargoed between the two constituencies. The Council considered that they would need to rectify this anomaly by means of a review of the Community of Bargoed. In view of this the Council requested that

the Commission recommend in their Final Report that proposed changes to the Caerphilly and Islwyn constituencies do not come into effect until autumn 2005.

5. The Commission noted that the Community of Bargoed is divided for community electoral purposes into the four community wards of Aberbargoed, Bargoed, Gilfach and Park. These community wards also form the County Borough electoral divisions of Aberbargoed, Bargoed (both the Bargoed and Park community wards) and Gilfach. The Commission's recommendations place the Aberbargoed electoral division in the Islwyn constituency and the Bargoed and Gilfach electoral divisions in the Caerphilly constituency. As the Community of Bargoed is divided into distinct electoral divisions the Commission can see no difficulties arising from the recommendations that would require a review of the community at this stage. If Caerphilly County Borough Council are minded to conduct such a review, this may be carried out before the next local government elections without any implications for a general election. The Commission do not consider there to be any substance in the objection made and do not propose to make any recommendation that implementation be deferred as requested. They will however draw attention to the representation in their final report.

Final recommendations

6. After considering the representations made in respect of their revised recommendations for Caerphilly CC and Islwyn CC, the Commission have decided not to make any further changes and, accordingly, confirm their revised recommendations as their final recommendations. No further representations will be considered.
